Healing the Whole Person Body, Mind and Spirit

This Healing the Whole Person Body, Mind and Spirit Conference will help us discern the areas of our life that are in need of healing and how spiritual forces impact the amount of joy and peace in our lives. This two-day workshop will be led by foremost authorities in the areas of healing and deliverance, all of whom are loyal to the Catholic Church. This is the second conference being offered by WSFI 88.5 FM Catholic Radio, in conjunction with its Thursday afternoon broadcasts on healing at 3:30 PM.

Offered on the weekend preceding Halloween, the Conference is intended to help us understand, combat, and be freed from negative spiritual forces that cause our personal vulnerabilities and weaknesses.

We will also explore the gifts and hurts rooted in our family systems. Jesus has come to heal us not just individually, but also our families and ancestors.

Friday's afternoon workshop, offered by 15-year exorcist

trainer, Kyle Clement, will explore the liturgical calendar of our Catholic Church, the satanic and occult calendars, and the protective role our Blessed Mother plays against these evils.

After dinner Friday, Fr. Bob Sears S.J., past president of ACTheals, and former professor of theology and psychotherapy, will explore the family system, its impact on our lives, and how to invite Jesus to heal us and our family tree.

On Saturday morning, Kyle Clement will spend three hours helping us to identify our personal vulnerabilities, which can result in evil permeating our lives, even if we are practicing Catholics.

On Saturday afternoon, Fr. Jim Curtin will speak on Deliverance, and teach us how to pray for healing. We will conclude the Conference on Saturday evening with a Vigil Mass and an anointing.

Kyle Clement

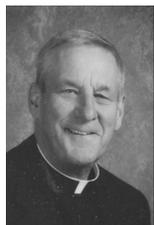

Kyle Clement has been involved in the facilitation and training of exorcists for the Roman Catholic Church for over 15 years. He also instructs the lay faithful and presents on different aspects of spiritual combat as well as instructs and trains lay teams to assist priests in the liberation of individuals afflicted by the adversaries of salvation.

He will present on the satanic and occult calendars, practices, and on other aspects of "institutional evil" as well as the Blessed Mother's various roles in combating evil in and under Her various titles.

Deliverance

Jesus, at the beginning of His ministry, told His Twelve, "As you go make this proclamation: 'The Kingdom of Heaven is at hand.' Cure the sick, raise the dead, cleanse lepers and drive out demons"—Mt 10:7. Deliverance has been a part of the Church since the beginning. It's part of the calling of Jesus to bring healing to people. How demons affect our lives today: how to defend ourselves, protect ourselves and be delivered.

Father Jim Curtin

To know Father Jim is to love him! He has been a pastor of St. Dennis Catholic Church in Lockport, IL, for 18

years and involved in the healing ministry for 40 years, giving retreats and healing conferences. Every Sunday after the 9:15 and 11 AM Masses, Father Jim and his prayer team offer a laying on of hands and prayers for healing in the sanctuary at St. Dennis.

Healing our Family Tree

Many of our gifts and hurts find roots in our families. Jesus has come to heal not just us individually, but also our families and ancestors. Jesus has provided a way of healing, by giving us, through His resurrection and our Baptism, His own family to be our new healed family. As we repent and are open to that new Holy Family, we can intercede for our extended family tree.

Father Bob Sears, S.J.

Father Bob, a former professor of theology and psychotherapy, is a much-in-demand spiritual director, counselor, workshop and retreat presenter and writer on various aspects of healing. He is past president of ACTheals (www.actheals.org) an association dedicated to bringing Jesus' healing to healthcare providers. His articles and writings are available on his website: www.familytreehealing.com
